

# Liton Roy

Frontend Developer | React.js | Next.js

+8801778992080 litonroy900796@gmail.com [Linkdin](#) [Github](#) Dhaka, Bangladesh

## SUMMARY

Frontend Developer with 3+ years of experience building scalable, high-performance web applications using React.js and Next.js. Proficient in state management, API integration, and component architecture to deliver complex, production-ready solutions. Also skilled in UI/UX design with Figma, ensuring pixel-perfect, responsive interfaces across all devices

## SKILLS

**Languages & Core:** HTML5, CSS3, JavaScript, TypeScript, REST API, JWT

**Frameworks & UI:** React.js, Next.js, Redux, TanStack Query, Tailwind CSS, Bootstrap

**Tools & Libraries:** Git, Figma, WordPress, React Hook Form, Zod, Context API

## EXPERIENCE

### Frontend Developer

Road # 12, Adabor, Mohammadpur, Dhaka-1207, BD.

[Codeware Limited](#)

08/2022 - Present

- Developed and maintained scalable web applications using React.js, Next.js 14, TypeScript, and Tailwind CSS, serving real-world production platforms.
- Architected reusable component libraries following modern frontend best practices, reducing development time across multiple projects.
- Integrated REST APIs and implemented state management using Redux and TanStack Query for complex data-driven applications.
- Translated Figma designs into pixel-perfect, fully responsive interfaces across desktop, tablet, and mobile devices.

### Frontend Developer | Designer

3016 33rd Street, Astoria, NY 11102, USA (Remote)

[Somikoron AI](#)

01/2022 - 07/2022

- Built responsive web interfaces using HTML, CSS, and Tailwind CSS, ensuring a consistent experience across all screen sizes.
- Maintained unified design systems, including typography, color schemes, and visual hierarchy across multiple projects.
- Worked closely with product and development teams to ensure a smooth design-to-code handoff.

## PROJECTS

### Hotel & Tour Booking System

<https://izimoove.com/en>

Next.js 16, TypeScript, Tailwind CSS, shadcn, React Query, Zustand, zod, next-intl

- Built a fully responsive hotel and tour booking platform with multi-language support (English, Spanish, French, Bengali).
- Implemented efficient data fetching and caching using React Query and robust form validation using Zod and React Hook Form.

### Kormi24

<https://www.kormi24.com/en>

next.js 11, Bootstrap + Material UI, GraphQL + Apollo, Firebase, Leaflet, React Hook Form + Yup

- Designed and developed responsive UI for a location-based job marketplace platform.
- Integrated REST APIs to connect frontend components with backend data seamlessly.

### Snowsearch Australia

<https://www.snowsearch.com.au/>

Laravel (Backend) + Vue.js (Frontend), Bootstrap, Axios

- Built responsive, pixel-perfect interfaces for a snow resort search and booking platform.
- Ensured visual consistency and design coherence across all pages and screen sizes.

## EDUCATION

### BSc in Computer Science and Engineering (CSE)

5/B, Beribandh Main Road, AdabarMohammadpur, Dhaka - 1207

Bangladesh University

07/2023 - Present

### Diploma in Computer Science

Gobindra Nogar, Thakurgaon Road, Thakurgaon

Thakurgaon Polytechnic Institute

03/2017 - 08/2021
